Cambridge IGCSE™ and O Level Geography Boost Teacher Guide

Deliver more inventive and flexible lessons with an easy-to-use and cost-effective package of online resources. Our Boost Teacher's Guide provides comprehensive teaching and learning support for the latest syllabuses (0460/0976/2217) for examination from 2027.

- **Save time** planning and ensure syllabus coverage with a scheme of work, updated teaching activities and worksheets, and expert teaching guidance.
- **Improve students'** confidence with updated practice questions, automarked knowledge tests and sample answers to help students feel prepared for assessment.
- **Support all students** with resources carefully tailored to support EAL learners, topic summaries, EAL-friendly key terms and extension activities.
- **Consolidate knowledge** with all answers to the practice questions within the Student's Book.
- **Reinforce knowledge** with formative and interactive knowledge tests.

Cambridge IGCSE™ and O Level Geography Fourth Edition eBook

Boost eBooks are interactive, accessible and flexible. They use the latest research and technology to provide the very best experience for students and teachers.

- **Personalise.** Easily navigate the eBook with search, zoom and an image gallery. Make it your own with notes, bookmarks and highlights.
- **Revise.** Select key facts and definitions in the text and save them as flash cards for revision.
- **Listen.** Use text-to-speech to make the content more accessible to students and to improve comprehension and pronunciation.
- **Switch.** Seamlessly move between the printed view for front-of-class teaching and the interactive view for independent study.
- **Download.** Access the eBook offline on any device – in school, at home or on the move – with the Boost eBooks app (available on Android and iOS).

LEARNING

Endorsement indicates that a resource has passed Cambridge International Education's rigorous quality-assurance process and is suitable to support the delivery of their syllabus. However, endorsed resources are not the only suitable materials available to support teaching and learning, and are not essential to achieve the qualification. For the full list of endorsed resources to support this syllabus, visit www.cambridgeinternational.org/endorsedresources

Any example answers to questions taken from past question papers, practice questions, accompanying marks and mark schemes included in this resource have been written by the authors and are for guidance only. They do not replicate examination papers. In examinations the way marks are awarded may be different. Any references to assessment and/or assessment preparation are the publisher's interpretation of the syllabus requirements. Examiners will not use endorsed resources as a source of material for any assessment set by Cambridge International Education.

While the publishers have made every attempt to ensure that advice on the qualification and its assessment is accurate, the official syllabus, specimen assessment materials and any associated assessment guidance materials produced by the awarding body are the only authoritative source of information and should always be referred to for definitive guidance.

Our approach is to provide teachers with access to a wide range of high-quality resources that suit different styles and types of teaching and learning.

For more information about the endorsement process, please visit www.cambridgeinternational.org/endorsedresources

Third-party websites and resources referred to in this publication are not endorsed.

Cambridge International Education material in this publication is reproduced under licence and remains the intellectual property of Cambridge University Press & Assessment.

Contents

Introduction

How to use this book

Physical geography

TOPIC 1 Changing river environments

- [1.1 The main hydrological characteristics and processes that operate in rivers and drainage basins](#)
- [1.2 The main landforms associated with these processes](#)
- [1.3 Rivers present opportunities and hazards for people](#)

TOPIC 2 Changing coastal environments

- [2.1 The physical processes that shape the coast](#)
- [2.2 The main landforms associated with these processes](#)
- [2.3 Coasts present opportunities and hazards for people](#)

TOPIC 3 Changing ecosystems

- [3.1 The characteristics of the Antarctic ecosystem](#)
- [3.2 The threats to the Antarctic ecosystem and how they can be managed](#)
- [3.3 The characteristics of the tropical rainforest ecosystem](#)
- [3.4 The threats to the tropical rainforest ecosystem and how they can be managed](#)

TOPIC 4 Tectonic hazards

- [4.1 The structure of the Earth and the distribution of earthquakes and volcanoes](#)
- [4.2 The processes and features associated with earthquakes and volcanoes](#)
- [4.3 The impact of tectonic hazards](#)
- [4.4 Managing the impacts of tectonic hazards](#)

TOPIC 5 Climate change

- [5.1 The natural and human causes of climate change](#)
- [5.2 The impacts of climate change at a range of geographic scales](#)
- [5.3 The responses to climate change](#)

Human geography

TOPIC 6 Changing populations

- [6.1 Populations grow and decline](#)
- [6.2 Population structures change over time](#)
- [6.3 The causes and impacts of international migration](#)

TOPIC 7 Changing towns and cities

- [7.1 Where people live](#)
- [7.2 The opportunities and challenges of urbanisation](#)
- [7.3 The management of urban growth](#)

TOPIC 8 Development

- [8.1 Measuring development](#)
- [8.2 The world is developing unevenly](#)
- [8.3 Achieving sustainable development](#)

TOPIC 9 Changing economies

- [9.1 Changing employment structures](#)
- [9.2 The impact of globalisation and the role of transnational corporations](#)
- [9.3 Tourism is a growing industry](#)

TOPIC 10 Resource provision

- [10.1 How our food is produced](#)
- [10.2 The global patterns of food supply and demand](#)
- [10.3 The challenges of food supply](#)
- [10.4 How our energy is produced](#)
- [10.5 The global patterns of energy supply and demand](#)
- [10.6 The impacts of energy production](#)
